The Satellite symposium is accredited by Slovak Accreditation Council for Continuing Medical Education (SACCME credits). Participants will receive also OMI Certificate of Attendance.

Organizers:

National Institute of Cardiovascular Diseases, Pediatric Cardiac Center
American Austrian Foundation
Open Medical Institute
Slovak Society of Cardiology
Open Medical Club

Welcome!

Welcome to our presentation of the 2nd Satellite Symposium in Pediatric Cardiology organized in collaboration with Open Medical Institute (OMI) under the auspices of the American Austrian Foundation (AAF).

The AAF is a multilateral, international institution pursuing postgraduate education in medicine, media and the art. The Foundation conducts a number of medical programs that give opportunities to gain knowledge, and more importantly foster international relationships. The OMI unites all AAF's medical programs (Salzburg Medical Seminars, Medical Observerships, Satellite Symposia, and Visiting Professorships) under one name.

This year, we have the pleasure of having guest speakers from the Cardiac Center at The Children's Hospital of Philadelphia, one of the world's leading pediatric heart centers providing care to infants, children, and young adults with congenital and acquired heart conditions. The themes of the symposia will be Cardiac Arrhythmias, Genetic Testing, and New trends in Echocardiography. The program should provide insights and discussions on important topics in Pediatric Cardiology via lectures, and round table discussions, and give opportunities for networking.

Your active participation will make this a successful Symposium.

Best wishes,

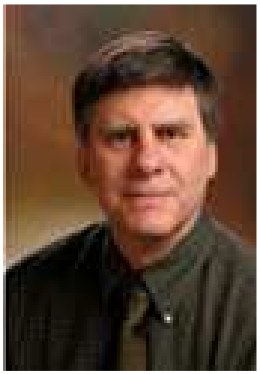

Organizing Committee:

Lucia Bobík, MD, PhD, *Pediatrician in Intensive Care*
Marián Hrebík, MD, MPH, *Director of Cardiology*
Ľubica Kováčiková, MD, PhD, Assoc. Prof., *Director of Intensive Care*
Viera Illíková, MD, *Pediatric Cardiologist*
Martin Záhorec, MD, *Deputy Director of Intensive Care*

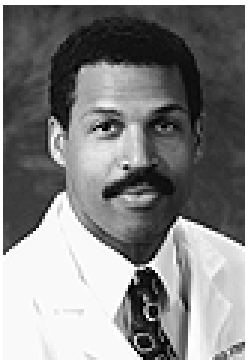

AFF lectors:

R. Lee Vogel, MD

Dr. Lee Vogel - Attending Cardiologist, Associate Professor of Pediatrics, Perelman School of Medicine at the University of Pennsylvania. He graduated at UMDNJ Rutgers Medical School, NJ, and completed his residency and thereafter fellowship in St. Christopher´s Hospital for Children in Philadelphia. He is specially interested in Ambulatory Cardiology and Electrophysiology.

Paul Stephens Jr., MD

Dr. Paul Stephens - Attending cardiologist, Associate Professor of Pediatrics, Perelman School of Medicine at the University of Pennsylvania Graduated at Duke University School of Medicine, Durham NC, and completed his fellowship in St. Christopher´s Hospital for Children in Philadelphia. He is specially interested in Exercise physiology.

Scientific program

Saturday December 1, 2012

10:30 – 11:30 Registration

11:30 – 12:00 Welcome Address and Introduction of the guests

12:00 – 13:30 Didactic Lectures

12:00 – 12:45 L. Vogel (Philadelphia): Long QT syndrome update

12:45 – 13:30 P. Stephens (Philadelphia): Screening for Arrhythmia risk in Sports

13:30 – 14:00 Lunch

14:00 – 15:30 Didactic Lectures

14:00 – 14.45 L. Vogel (Philadelphia): Wide QRS Complex Tachycardia

14:45 – 15:30 P. Stephens (Philadelphia): The Use and Misuse of Cardiac Exercise testing

15:30 – 16:00 Coffee break

16:00 – 17:00 Case presentations

16:00 – 16:15 V. Illíková, D. Poruban, R. Hatala: Fulminant presentation of LQT

16:15 – 16:30 L. Bobík, L. Kováčiková, M. Záhorec, V. Illíková: Cardiogenic shock in the newborn as a result of atrial ectopic tachycardia

16:30 – 16:45 A. Jurko: Congenital complete and partial absence of the left pericardium

16:45 – 17:00 M. Kaldarárová, A. Harenčárová, M. Čulen, E. Kollárová, M. Mináriková: Prenatally diagnosed borderline left heart – good or bad?

17:00 – 17:30 Fellows and Faculty Reunion

19: 00 Dinner and Social event

Sunday December 2, 2012

9:00 – 11:00 Didactic Lectures

9:00 – 10:00 L. Vogel (Philadelphia): Genetic testing in Pediatric Cardiology

10:00 – 11:00 P. Stephens (Philadelphia): New Trends in Echocardiography

11:00 – 11:30 Coffee break

11:30 – 12:30 Round table Discussion

Topics: New trends in echocardiography, Evaluation of single ventricle function, Diastolic dysfunction

12:30 – 13:30 Certificates Awards

13:30 – 14:30 Lunch

Adjourn!
