Open Medical Institute Satellite Symposium

Pediatric Cardiology

January 13-14, 2018

Pediatric Cardiac Center,
National Institute of Cardiovascular Diseases
Bratislava, Slovakia

OPEN MEDICAL INSTITUTE
Medical Education Beyond Borders

The Children's Hospital of Philadelphia®

The Symposium held under the auspices of **The Children´s Hospital of Philadelphia, Open Medical Institute/The American Austrian Foundation,** in collaboration with **Pediatric Cardiac Center, National Institute of Cardiovascular Diseases Bratislava, Slovakia**.

GENERAL INFORMATION

Venue:
National Institute of Cardiovascular Diseases, Pediatric Cardiac Center, Pod Krásnou Hôrkou 1, Bratislava, Slovak Republic

Language:
The official language of the conference is English.

Registration required – find link at
https://sites.google.com/site/2018satellitesymposium
Deadline for registration: January 5th 2017
Registration fee: none

Continual Medical Education & Certificate of Attendance:
The Satellite symposium is accredited by Slovak Medical Chamber for Continuing Medical Education (7 CME credits).
Participants will receive OMI Certificate of Attendance.

Symposium Chair:
Lubica Kovacikova, MD
Symposium Co-Chairs:
Martin Zahorec, MD

Organizing Committee:
Lubica Kovacikova, MD
Peter Skrak, MD
Martin Záhorec, MD

Welcome!

It is a great pleasure to welcome you at **The 4th Satellite Symposium in Pediatric Cardiology** organized in collaboration with **Open Medical Institute** (OMI) under the auspices of **The American Austrian Foundation** (AAF). The AAF is a multilateral, international institution pursuing postgraduate education in medicine, media and the art. The OMI includes all AAF's medical programs such as Salzburg Medical Seminars, Medical Observerships, Satellite Symposia, and Visiting Professorships.

Following the success of three previous Satellite Symposia in 2009, 2012 and 2015, we have again the pleasure of having **guest speakers from the Cardiac Center at The Children's Hospital of Philadelphia** (CHOP). For several years, **CHOP is ranked among the US top three pediatric centers** that deliver **exceptionally high-quality care** across multiple specialties. **Pediatric Cardiac Center, Bratislava** has a **long-term cooperation with CHOP Cardiac Center** through **observerships** of Slovak physicians and nurses at CHOP, **transatlantic videoconferencing project** and **clinical teaching** and **supervising** of CHOP experts at Pediatric Cardiac Center, Bratislava.

The main symposium topics will be **Pediatric Heart Failure, Single Ventricle, Lymphatic Disorders and Interventions.** The lectures will provide an overview of current and changing concepts in the care of children with cardiovascular problems. The program will offer healthcare professionals the opportunity to discuss important topics in Pediatric Cardiology, and will give opportunities for networking.

Lubica Kovacikova
Symposium Chair

AAF lectors:

Matthew J. O'Connor, MD

Matthew J. O'Connor, MD, is a board-certified attending cardiologist in the Cardiac Center and Medical Director of the Heart Failure and Transplant Program at Children's Hospital of Philadelphia. CHOP pediatric heart transplant team is experienced in providing the full range of cardiovascular support to infants and children of all ages. Matthew J. O'Connor, MD is involved in Familial Cardiomyopathy, Heart/Lung Transplant and Neuro-muscular Program.

Yoav Dori, MD, PhD

Yoav Dori, MD, PhD, is a pediatric cardiologist and Director of Pediatric Lymphatic Imaging and Interventions and Lymphatic Research at Children's Hospital of Philadelphia. The Center provides highly specialized care for children and adults with lymphatic leaks and lymphatic flow disorders. Experts in the Center are developing advanced imaging and interventional technologies to map out the anatomy and flow of the lymphatic system.

Scientific program

Saturday January 13, 2018

10:30 – 11:30 Registration

11:30 – 12:00 Welcome Address and Introduction of the guests

12:00 – 12:45 MRI in myocarditis/cardiomyopathy.
Matthew J. O'Connor

12:45 – 13:30 Multimodality and 3D printing in CHD.
Y*oav Dori*

13:30 – 14:00 Lunch

14:00 – 14.45 Ventricular assisst device in single ventricle patients. *Matthew J. O'Connor*

14:45 – 15:30 Lymphatic flow disorders in patients with heart disease. *Yoav Dori*

15:30 – 16:00 Coffee break

16:00 – 17:00 Case presentations

DORV with unexplained biventricular dysfunction after PAB.
Kunovsky P, Tittelova J.
Rapidly progressing myocarditis with unusual etiology.
Hrubsova Z.
Fontan patient with myocardial failure and chronic hypoxemia.
Illikova V.

Postoperative chylothorax
Lenartova J.

17:00 – 17:30 Fellows and Faculty Reunion

19:00 – 22:00 Dinner and Social event
KORZO café & restaurant, Hviezdoslavovo námestie 3, Bratislava

Sunday January 14, 2018

9:00 – 10:00 Heart transplant in Single Ventricle/Fontan.
Matthew J. O'Connor

10:00 – 11:00 Interventions in patients with single ventricle heart disease. *Yoav Dori*

11:00 – 11:30 Coffee break

11:30 – 12:30 Round table Discussion: Failing Fontan patient.
O'Connor M, Dori, Y, Olejnik P, Harencarova A.

12:30 – 13:30 Certificates Awards

13:30 – 14:30 Lunch
Adjourn!

UPCOMING EVENT: **April 23, 2015 - May 4, 2018**
Educational program on **„Pediatric outpatient cardiology** and **Clinical Exercise Testing"**
Paul Stephens, MD, a visiting expert from Children´s Hospital of Philadelphia at Pediatric Cardiac Center, Bratislava
